

ND2

Weighingbridge Load Cell Double Ended Shear Beam Sensor ND2

The ND2 is a weighingbridge load cell for a wide capacity range for Truck Scale, Industrial weighing systems, Rail scale, Hopper scale, Road scale. Dual shear beam load cell is made with nickel plated of stable quality.

Item NO.: ND2

- Product Origin: China
- Shipping Port: Xiamen
- Payment: 100% payment before shipment
- Capacities: 30 T
- Material: Steel Alloy
- Dimension: 240*136*229.3mm; 340*160*251.3mm
- Rated Output: 2.0mV/V
- Protection Class: IP67 / IP68

CIA. LTDA.

Product Details

Double shear beam Load Cell ND2 (20-50T)

The ND2 is a weighingbridge load cell for a wide capacity range for Truck Scale, Industrial weighing systems, Rail scale, Hopper scale, Road scale. Dual shear beam load cell is made with nickel plated of stable quality.
